Price: \$199 per logged-on computer
TIME: 2:00 PM CDT

We've received several requests to do another Yard Foreman Webinar. As we work to get on to better times we need to keep our employees on their toes. There is still business out there and every employee needs to be helping grow it! Your Yard Foreman is a very important member of your staff. This two-part webinar is one way to help your Yard Foreman strengthen the position on your team. Jim Enter, the speaker for this program, has an exceptional ability to give information to employees in a way that they can then take back and put to use. Your Yard Foreman is right out there with the customers and in times such as these you need him to be a most efficient and knowledgeable employee who can give your customers that secure feeling that business is moving forward.

Here's some of what's going to be covered in this special program:

- Working with the Sales Department
- Satisfying the Customer
- Delivery Costs
- Tracking Efficiencies
- Tracking Yard Productivity
- Rewarding Performance
- Benchmarks for Equipment
- Benchmarks for Employees
- Selecting and hiring employees
- Training for Results

Prior to the webinar, Turnkey Programming will contact you with the webinar phone number and password, as well as instructions for logging onto the website to view the webinar live.
